Presents

CASINOS FOR CORPORATE AND SPECIAL EVENTS

GET THE VEGAS VIBE

Here is how it works: Our Casino Host hands each guest an envelope containing \$50,000.00 of CASINO CASH. He will announce the agenda of the evening and keep the players periodically informed with other important mentions. The Casino Room is made up of a mix of gaming tables (Blackjack, Roulette, Craps, Poker, Money Wheels, etc.) with friendly and helpful dealers ready to assist and give tips to the casino novice as well as keep up with the shark. Guests will trade as much or as little cash as they wish for chips. For those who choose not to play or want to take breaks, we highly recommend the availability of other entertainment options (see below). The casino will be open for 2-2 ½ hours. The Cash-Out table will be opened and players may cash-in all chips and left over money and exchange for raffle tickets.
